

# HOW TO PLAY A SONG

1. Click the song you want to play
2. If a window pops up asking what you want to do, select  
“Open this file”  
or  
“Open this file using....”

Your computer should open the proper program and play the song.

## **IMPORTANT:**

If you simply play the file, it will not be saved to your computer and you will need to be connected to the website to play it again
