TODAY'S SOLO:

SAILOR'S DANCE

1. Name each key - it would be a very good idea to email me with your keys before you continue... remember, if you get the key wrong, you get the whole line wrong! doremi@msn.com
2. Count on your fingers to figure out the name of each chord - write the name over the measure (remember to check your key signature to see if the name should be sharp or flat).
3. Circle the primary chords.
4. Use the Roman Numerals to decide if the chord names are Major, minor, or diminished.
5. Draw the correct notes for the name of each chord. Remember to check the Roman Numeral to see if the chord is "root", 6/3, 6/4, 6/5, or 7
