Student Concert Information

STUDENT CONCERT ETTIQUETTE

Find a Babysitter

If you do not think that your younger children can sit *quietly* through a one-hour performance, please leave them with a babysitter. Talking, fidgeting, rustling, crying, baby vocalizations, etc. are all very distracting to the performers.

Stay for the Show

Each concert is only one hour. Please plan to stay for the entire hour as a courtesy to the later, more advanced performers.

Dress Nicely

This is a special event. Performers, please dress appropriately. If you are coming from a sports event, please bring a change of clothes.

Practice Practice Practice

Choose a piece that you already know how to play and then perform it for many different people in the weeks before the concert

Be respectful of the Pianos

Fields Piano is not a playground. Children need to stay close to their parents at all times. Please keep all food UPSTAIRS in the reception area. Musical instruments are very delicate and should not have to endure “banging”, being climbed upon, or having food set upon them. Thank you
